Purifies air in 10 minutes**
with **a tap** on your smart app

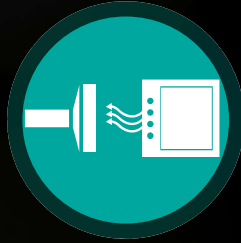

**90% Air filtration efficiency under standard room conditions. Image shown is for representational purposes only.

POOR INDOOR AIR QUALITY MIGHT BE AFFECTING YOUR HEALTH

Airborne Dust Particles
from diesel exhaust, dust, smoke, pet dander and other sources.

Indoor Formaldehyde
from building materials, furniture, cooking and smoke.

Household Odours & Gases
from painting, cooking, mould, AC units and fuel oil.

Harmful Toxins & VOCs
from hair sprays, cleaning agents, nail polish, outdoor VOCs, air fresheners and more.

Image shown is for representational purposes only.
Sources: Central Pollution Control Board (CPCB) National Air Quality Index, World Health Organization (WHO) Air Quality Guidelines, World Air Quality Report.

BREATHE PURE AIR WITH SURROUND 360° AIR INTAKE TECHNOLOGY

The Surround 360-degree Air Intake Technology rapidly captures microbes, dust, allergens, and odors from all directions in the indoor air, ensuring a continuous flow of clean, purified air for a healthier living environment.

ADVANCED FEATURES

- Surround 360° Air Intake Technology
- Plasma Filtration
- Filter Life Indicator
- 12hrs Timer Setting
- Silent Operation
- True HEPA Grade F3 Filter
- Activated Carbon Filter
- AI Mode with Ambient Light Sensor
- VOC Indicator
- Real Time PM 2.5 Digital Display
- 4 Stage Advance Purification
- Wi-Fi Enabled
- Purifies Large Spaces in Just 10 Min**
- Sleep Mode

AP 500 SMART: IDEAL FOR ENTIRE HOME

-  Surround 360° Air Intake Technology
-  Plasma Filtration
-  Filter Life Indicator
-  12hrs Timer Setting
-  Silent Operation
-  Real Time PM 2.5 Digital Display
-  Sleep Mode
-  Child Lock
-  True HEPA Grade 13 Filter
-  Activated Carbon Filter
-  AI Mode with Ambient Light Sensor
-  VOC Indicator
-  4 Stage Advance Purification
-  Wi-Fi Enabled
-  Purifies Large Spaces in Just 10 Min**

AP 500 SMART

TECHNICAL SPECIFICATIONS

Dimensions (WxDxH) in cm	28 x 28 x 63
Stages of Purification	Pre-filter, Activated Carbon Filter, True H13 HEPA Filter, Plasma Filtration
Coverage Areas	Up to 670 sq. feet
Real-Time PM 2.5 Measurement & Display	Yes
CADR - Air Flow (m3/hr)*	500 unit
Colour Indication	Yes
Noise Level	<66 dB(A)
Fan Speeds	Fan speed can be changed from 1 to 12
Timer Setting	Timer can be set for 1 to 12 Hrs
Power Consumption	45 Watt
Sensor Touch User Interface Panel	Yes
Ideal For	Entire Home up to 670 sq. feet

AP 355 SMART: IDEAL FOR LIVING ROOM

-  Surround 360° Air Intake Technology
-  Plasma Filtration
-  Auto Mode with Ambient Light Sensor
-  Silent Operation
-  4 Stage Advanced Purification
-  Real Time PM 2.5 Digital Display
-  Filter Life Indicator
-  True HEPA Grade 13 Filter
-  Activated Carbon Filter
-  Sleep Mode
-  Wi-Fi Enabled
-  Purifies Large Spaces in Just 10 Min**
-  12 Level Timer Settings

AP 355 SMART

TECHNICAL SPECIFICATIONS

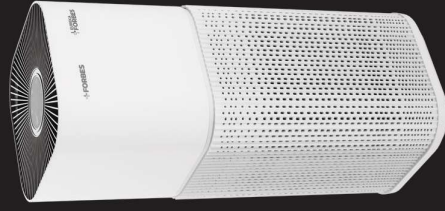

Dimensions (WxDxH) in cm	24.3 x 24.3 x 53.5
Stages of Purification	Pre-filter, Activated Carbon Filter, True H13 HEPA Filter, Plasma Filtration
Coverage Areas	Up to 480 sq. feet
CADR - Air Flow (m3/hr)*	355 unit
Colour Indication	Yes
Noise Level	<63 dB(A)
Fan Speeds	Fan speed can be changed from 1 to 12
Timer Setting	Timer can be set for 1 to 12 Hrs
Power Consumption	35 Watt
Real-Time PM 2.5 Measurement & Display	Yes
Sensor Touch User Interface Panel	Yes
Ideal For	Living Room up to 480 sq. feet

*As per AHAM standard for fine dust particles.

**90% Air filtration efficiency under standard room conditions.

AP 355 : IDEAL FOR LIVING ROOM

-  Surround 360° Air Intake Technology
-  Plasma Filtration
-  Auto Mode with Ambient Light Sensor
-  Real Time PM 2.5 Colour Indicator
-  4 Stage Advanced Purification
-  Real Time PM 2.5 Digital Display
-  True HEPA Grade 13 Filter
-  Activated Carbon Filter
-  Sleep Mode
-  Silent Operation
-  6 Level Timer Settings
-  Purifies Large Spaces in Just 10 Min**
